

## ALUMINUM & CARBON FIBER INTERIORS

Our interiors are at the very top of the field. Custom hand-formed interiors are the best looking interior you will ever see in the pits. Don Carey is the "Tin Man" and has made every race car interior stand out among the masses, for over 27 years. An excellent fit and powder coated tin work will stop the spectators in their tracks. High-tech carbon fiber interiors with every attention to detail will make your race car look great and keep it light.
