

Wheel Tubs and Carbon Fiber Products

WHEEL TUBS

Custom aluminum wheel tubs are available in 48". These tubs have a "top secret" building process, with a 90° bend on the edge of the side panel. A bolt together design makes these tubs very trick looking. Complete with stainless 6-32 hardware.

- 11-06K 48" Custom Aluminum Wheel Tubs, pair \$258.75
- 11-08 47" Carbon Fiber Wheel Tubs, pair \$856.16
- 11-11 47" Ultra Lightweight Carbon Fiber Wheel Tubs, pair \$1,631.25
- 11-12 46" Lightweight Carbon Fiber Wheel Tubs, pair \$937.50
- 11-10K Aluminum Wheel Tub Liners, pair \$143.75

CARBON FIBER PRODUCTS

These trick lightweight items can be a great upgrade for any car. To pull air in or to get it out, these ducts do the job. Our carbon sheets are NHRA and IHRA legal and flame resistant. Our carbon fiber products use only the highest quality materials and methods on the market. Vacuum bagged and hard as a rock. The 1/4" thick sheet is good for wing construction, as well as for many other applications.

SBF = Sold by the foot
