# Engine Plates and Limiters

## ENGINE PLATES

Our Engine Plates are precision CNC-machined from 1/4" 6061 T-6 aluminum and are 12" tall x 36" wide. Header clearance and engine removal are just some of the advantages when using our Engine Plates. Contact us for custom fabricated engine plates.

13-01	Ford Engine Plate ....	\$116.96

## ENGINE LIMITERS

Our Engine Limiters are designed to hold the engine in place. Mounting to the engine is a load spread design, using the entire factory engine mount boss for strength, not an inferior one-stud design like some others. Thus it keeps the engine's forward and rearward motion at a standstill.

12-01K	Universal Engine Limiter Kit ....	\$138.00
12-01AK	Engine Limiter Kit BB Chevy Version ....	\$138.00
